

## PROGRAM OVERVIEW

Trauma is the number one cause of death in patients aged 1-44 and the third leading cause of death for all ages. Trauma is also the number one reason for nonfatal emergency department visits for all ages. The overall goal of this educational event is to improve patient outcomes and reduce mortalities for all trauma patients. Additionally, we would like to educate other healthcare providers on current best practices.

## LEARNING OBJECTIVES

Upon completion of this CME program, participants will be able to:

- 1) Identify best practices in the care of the acute trauma patient and will be able to implement those practices
- 2) Recall mechanisms to improve patient outcomes
- 3) Employ treatment measures for a variety of trauma injuries to improve patient outcomes

## TARGET AUDIENCE

The target audience includes physicians, nurse practitioners, physician assistants, nurses, residents, EMS personnel, and other health care providers.

### Accreditation & Credit Designations

#### CME

Louisiana State University Health Sciences Center – Shreveport, School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Louisiana State University Health Sciences Center – Shreveport, School of Medicine designates this live activity for a maximum of *6.25 AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
